Inspection Fee Calculation Instructions

The inspection fee must be calculated with either the **New Electrical Service** fee, the **Existing Electrical Service** fee, fire alarm control panel, or low voltage control panel, as applicable for the work being done under the inspection application + \$5.00 for each branch circuit feeder, fire alarm or low voltage control loop, zone, or circuit.

New Electrical Service means the main service disconnect, panel, or switchboard is new or replaced with the inspection application.

Existing Electrical Service means the main service disconnect, panel, or switchboard already exists and is not replaced.

Branch Circuit or feeder: \$5.00 each + either New Electrical Service fee or Existing Electrical Service fee as applicable.

Fire Alarm: \$10.00 (Existing Panel) + number of zones @ \$5.00 each.

Low Voltage Control: \$10.00 (Existing Panel) + number of control circuits or zones @ \$5.00 each.

The minimum permit fee is \$25.

Field Irrigation Inspection

For field irrigation system inspections, the fee shall be sixty dollars for each unit.
